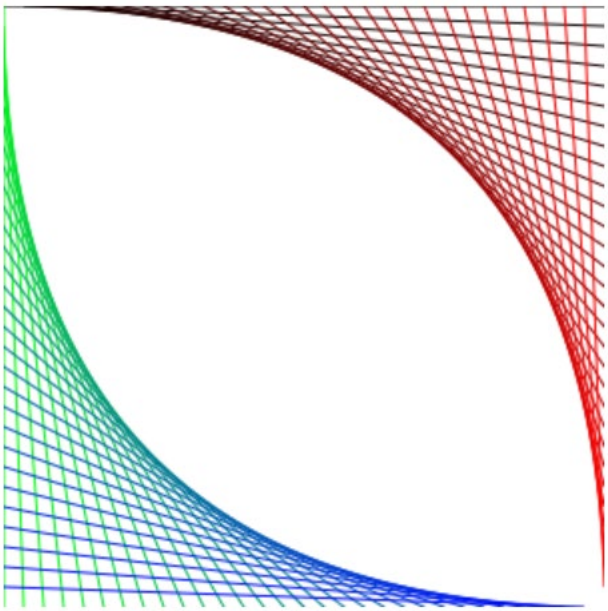
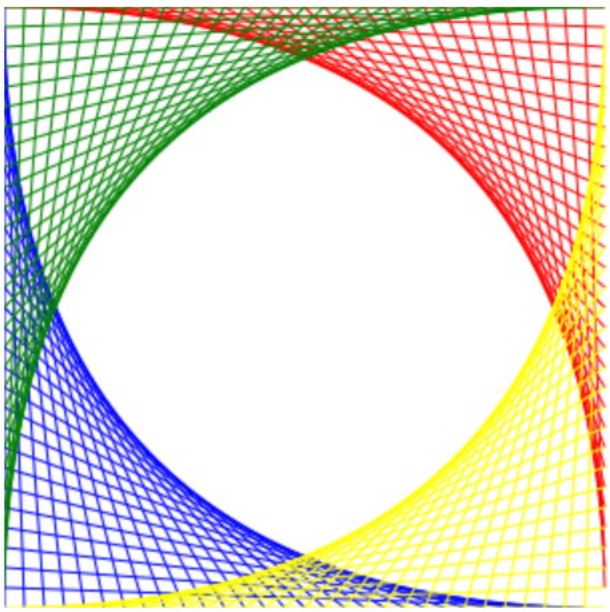
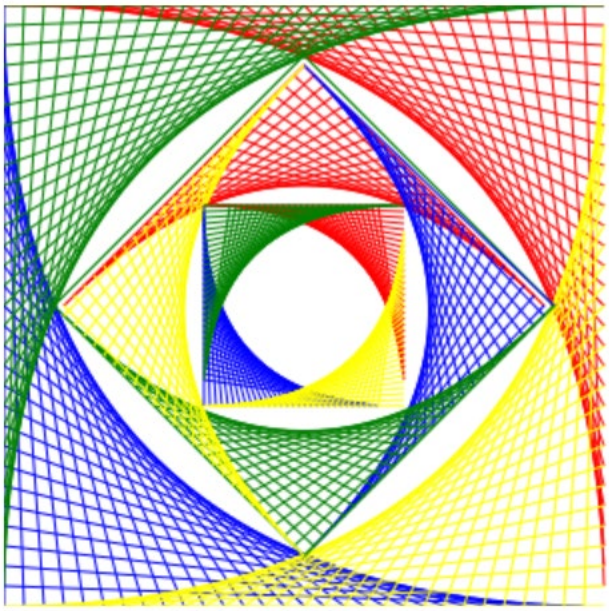
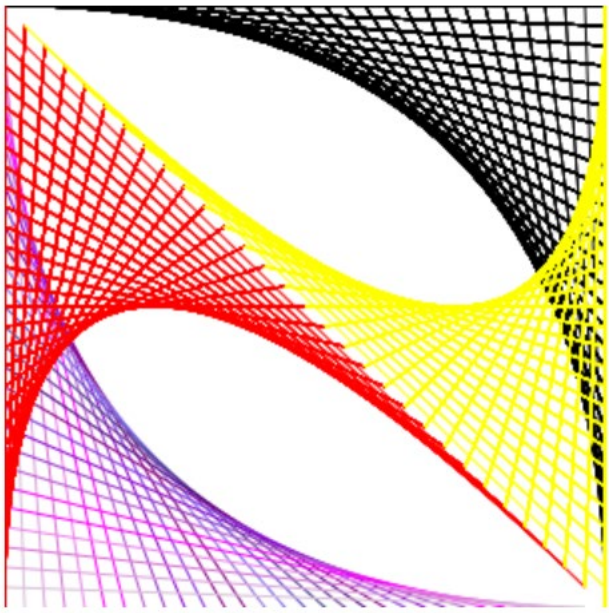
SCC011 Art of Coding Studio 3: Student Notes (JavaScript)

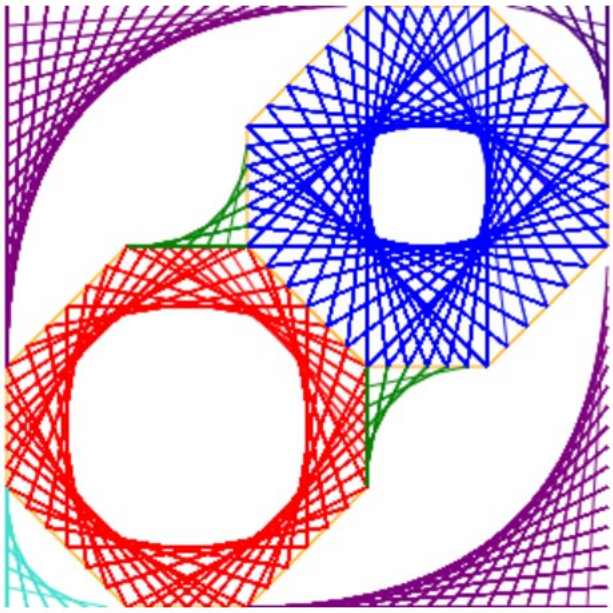
Main Challenge – Spirograph, Advanced Suggestions

This is the JavaScript advanced challenge. There is another document for the python challenge (and for the ordinary JavaScript challenge).










This document assumes that you've completed the JavaScript challenge but that you found it easy. Below are some extra patterns you could try to create. Don't forget – you want your code to look nice too, you should be using loops, variables, if statements etc when making these.
